

CoFlex® + UMAFD

UNIVERSAL MEDIC ABSORBENT FOAM DRESSING

All-in-One Trauma/Combat Bandage

CoFlex® UMAFD is a strong bandage with foam pad attached, plus an additional foam pad in the core for extra absorbency. It offers quick, easy application in high stress situations. It is a great alternative to existing combat bandages. Additionally, CoFlex® UMAFD has been heat tested at 130° > 90 days.

Key Features:

- ✓ Quick & easy to apply
- ✓ High absorption and retention of fluids (equivalent to 29 gauze pads)
- ✓ Flexible, controlled compression
- ✓ Able to withstand high temperatures
- ✓ Made in the USA

- First-Aid Kits

“

We were very happy with how easy the CoFlex AFD foam pad dressing was to apply. Patients we sent home with the product were able to change the dressings without difficulty and therefore more compliant. We used the CoFlex AFD foam pad dressing on many types of wounds and were pleased with the healing we saw with them all.
